

1st Woosehill Scout Group

Buzzards Scout Troop

Report to AGM

2017/2018

Over the past year the Buzzards scouts have had the opportunity to take part in many activities including, pioneering, sailing, code breaking, mountain biking and many more activities.

Summer camp 2017 was a joint camp with Merlins scouts staying in the Forest of Dean. The camp was an excellent week for everyone involved, with activities such as pony trekking included in the action packed program. Scouts showed first hand their impressive pioneering skills having built a 2 meter high observation tower to keep watch on the campsite.

Buzzards leadership team has remained strong this year with a core team of adults who are supported by invaluable assistance from young leaders and other helpers. My continued thanks go to the team for their efforts over the last year, keep up the good work.

This summer sees Buzzards scouts once more join up with Merlins scouts for a summer camp in the New Forest with exciting activities planned.

Andy Newman (Scout Leader)
